Use of this form

This form is to be used by people applying to be registered as building practitioners with the Building Services Board. In Western Australia the *Building Services (Registration) Act 2011* provides for registration in two classes of builder, building practitioner and building contractor.

Set 4

To apply under Set 4, you will need to undertake a formal assessment of your experience in order to be deemed to have the required knowledge and experience to be registered as a building practitioner. An assessment of your experience may be undertaken in one of two ways:

- successful completion of the Board assessments; OR
- an assessment of your experience by a Registered Training Organisation, sufficient to obtain the Diploma of Building and Construction (Building) through recognition of prior learning based on experience only.

In addition to undertaking the assessment of your experience, you must demonstrate 5 years fulltime experience in supervising or managing building construction.

Do not submit this form unless you have either successfully gained the Diploma (through recognition of prior learning based on experience only) or completed the Board assessments.

Registration as a building practitioner

A registered building practitioner may:

- use a prescribed title such as *registered building practitioner*; and
- be a nominated supervisor for a registered building contractor.

When considering an application for registration as a building practitioner the Board considers:

- your qualifications and experience;
- your fitness and propriety; and
- any other requirements prescribed by the Building Services (Registration) Regulations 2011.

Registration as a building practitioner does not authorise a person to provide services as a building contractor.

Registration as a building contractor

A person, partnership or company must be registered as a building contractor to:

- be named as a builder on a building permit;
- provide services as a builder for work that requires a building permit, has a value of \$20,000 or more and is located within the area of the Board's jurisdiction; or
- use a prescribed title such as registered building contractor.

Period of registration

If your application is approved, registration will be granted for a period of three years.

Registration and application fees

Two fees are payable with this application, a registration fee and a non-refundable application fee.

The registration fee is for three years.

GST is not payable on the application or registration fee.

If the Board does not grant your registration, the registration fee will be refunded.

Registration requirements

To be considered for registration you must:

- provide a complete application including payment of application and registration fees;
- have the required qualifications and experience;
- be a fit and proper person to be registered; and
- comply with any other requirements.

Incomplete applications

The Department does not accept incomplete applications. If your application is incomplete your application may be lapsed or refused and the application fee may not be refunded.

The date of issue of the police check must be within three (3) months of the date you lodge this application.

- Attach an Australian police check dated within three months of this application date. Attached

Experience Set 4

Applicants under Set 4 must have the equivalent of five years of experience in the building industry working in a supervisory or management capacity on building projects. This experience is described in the Building Services (Registration) Regulations 2011 as “experience in supervising or managing building construction for periods totalling at least the equivalent of 5 years full-time”.

Use the ‘Summary of Employment Experience’, ‘Statement of Building Experience – Part 1’ and ‘Statement of Building Experience – Part 2’ templates to record your experience. Your claims of experience must be verified. You must arrange for your relevant employer/client/contractor to complete the ‘Verification Statement by Employer/Authorised Endorser **and** sign and date the corresponding Statement of Building Experience – Part 2’.

Building construction

For the purposes of registration, building construction refers to the process or act of constructing a building or part of a building, being a substantial structure with a roof and walls.

Range of experience

An applicant under Set 4 must have experience in a range of building types and stages of the building process and must include examples of as explained in the above definition of building construction.

Supervising building construction

For the purposes of registration, supervising refers to experience supervising building construction for and on behalf of a builder; it also refers to supervising others carrying out building work, as an end to end construction, not just one or two trades. Supervisor roles are typically held by leading hand, foreman or site supervisor with responsibility to directly control, accept or reject the work of tradespersons.

A supervisor of building construction must be in a position to direct, control, accept or reject daily construction work and activities carried out onsite. Supervision does not include being an owner-builder or supervision of oneself

Managing building construction

For the purposes of registration, managing refers to the performance of management or coordination work in relation to a building contract or a building project, for and on behalf of a builder. The manager must be in a position to direct, control, accept or reject construction work, or in a position with a combination of these capacities or in a position of responsibility for the co-ordination of trades and materials for the whole of a building construction project or for a substantial portion of a large project.

Management does not include being an owner-builder or management of oneself.

Work not included

For registration purposes, building construction does not include civil works such as (but not limited to) transmission lines, mining plant, dams, culverts, rail, roads and bridges unless these are incidental structures associated with and ancillary to the construction of a building referenced in the record of experience.

Supervision and Management of building construction does not include carrying out of building or construction work or carrying out the preparation for such work. Additionally, it does not include in the case of an owner-builder, supervision or management of oneself but it can include supervising the work of others and managing an entire building project.

Five years full-time experience

For registration you must submit your record of experience with a total of at least the equivalent of five years full-time experience in supervising or managing building construction. If you were not working full-time on a project calculate the portion of your time actually spent in supervising and managing building construction. If you worked overtime, you cannot allow more than one day for each day worked. If you were engaged in building construction as a sub-contractor working for a client or contractor, you must not include time spent between contracts or leave. If you were engaged in building construction as an employee you can include periods of leave, but you cannot include periods of unemployment.

Professional rate of intensity

All experience claimed is considered in accordance with the Board's policy regarding professional rate of intensity and the minimum amount of projects that it expects to be supervised at any given time. For more information about the Board's policy, go to: www.commerce.wa.gov.au/publications/bsb-policy-building-practitioner-experience-assessments.

Documenting your experience

Complete the following:

- Summary of Employment Experience template
- Statement of Building Experience – Part 1
- Statement of Building Experience – Part 2

Should you require additional space to complete your Statements of Building Experience (SBE), you are able to photocopy or download additional SBE forms, complete in full and attach to your submission.

Verifying your experience

You must have your claims of experience verified by a suitable person, such as:

- your employer; or
- a person in a position to verify your work (i.e. the client or contractor).

Each employer/authorised endorser for whom you have undertaken work must complete the 'Verification Statement by Employer/Authorised Endorser' and sign and date the corresponding Statement of Building Experience – Part 2' template.

See further 'Verification Statement by Employer/Authorised Endorser' section below.

Not valid as experience

The Board does not recognise experience obtained while performing unlawful work, such as work without a building permit when a building permit was required. All experience must be independently verified.

Do not claim experience that is not verified by an employer or other endorser.

Summary of Employment Experience

Complete the Summary of Employment Experience template. This provides an overview of your work experience, detailing who you were working for, the position you held, and the period of employment. This may be experience gained as an employee, as a sub-contractor or as the primary contractor in a direct contract with a client.

Statement of Building Experience – Part 1

Complete a separate Statement of Building Experience – Part 1 for each different employer/client/ contractor you have undertaken work for. Use the Statement of Building Experience – Part 1 to record the projects you have been involved in where you have gained experience supervising or managing building construction.

Statement of Building Experience – Part 2

Complete a separate Statement of Building Experience – Part 2 for each different employer/client/ contractor you have undertaken work for.

Use the Statement of Building Experience – Part 2 to provide further detail about your particular role and specific responsibilities while working on each of the projects listed in Part 1.

It is important that you detail your role and responsibilities on each project in the same order that you listed the projects in Part 1. (I.e. the project reference numbers in Part 1 must correspond with the same reference numbers in Part 2.)

Verification Statement by Employer/Authorised Endorser

Use the 'Verification Statement by Employer/Authorised Endorser' template to have your claims of experience verified. You must have each different employer/contractor/client complete a separate 'Verification Statement by Employer/ Authorised Endorser'.

If it is not practical to obtain verification from a client or contractor, obtain verification from a foreman, supervisor or manager but not a co-worker or subordinate worker.

Important

Experience that has not been verified by an employer or other credible endorser, or has been self-endorsed by the applicant will not be considered creditable experience.

Form 8: Registration – Building practitioner (Set 4)

Qualifications Set 4

The Building Services (Registration) Regulations 2011 require applicants applying under Set 4 to demonstrate experience “sufficient to gain knowledge and skills equivalent to those possessed by a person who has successfully completed a qualification referred to in set 1”.

The Regulations allow the Board to conduct assessments to evaluate a person’s knowledge and skills in relation to building construction

Board assessments must be successfully completed before applying to be registered. There are four written examinations and one project. A grade of 60% for the examinations and being deemed competent for the project is required to pass. Please refer to the Board’s policy on conduct of examinations on the department’s website: www.commerce.wa.gov.au/building-and-energy/board-examinations-builders.

Alternatively, you may apply for the Diploma of Building and Construction (Building) through recognition of prior learning. This is obtained through an assessment of your experience, arranged through the Registered Training Organisation offering the Diploma. Please provide a copy of your CPC50220 or CPC50210 Diploma of Building and Construction (Building) and statement of attainment including the six specific units required for registration as required for Set 1. Refer to the list in Qualifications set 1, Building practitioner Form 5.
