- b). Require Offers to meet the Pre-Qualification Requirements in Section 3 in Part B;
- c). Assess Offers against the Compliance and Disclosure Requirements in Section 4 in Part B;
- d). Assess Offers against the Qualitative Requirements in Section 5 in Part B;
- e). Assess Offers against the Insurance Requirements in Section 6 in Part B; and
- f). Assess the Offered Prices which includes assessing the Offered Price and Pricing Requirements in Schedule 3.

The determination of Value for Money will require a consideration of all of the above factors and any other matters that the Contract Authority or Customer considers relevant.

2.2 STATE SUPPLY COMMISSION AND GOVERNMENT POLICIES

The following State Supply Commission policies apply to this Request:

- a). Value-for-Money;
- b). Probity and Accountability;
- c). Open and Effective Competition; and
- d). Sustainable Procurement.

The following Government policies apply to this Request:

- a). Buy Local Policy; including the January 2016 and July 2013 Addenda.

These policies can be viewed and downloaded at www.ssc.wa.gov.au or copies of these policies are available from the State Supply Commission (telephone (08) 6551 1500).

1. STATEMENT OF REQUIREMENTS

The Department of Finance requires a Panel of suitably skilled and experienced consultants to undertake a range of consultancy services relating to leases and other property matters for office accommodation.

1.1 BACKGROUND

A SECURING NEW OFFICE ACCOMMODATION

The Minister for Works is the primary lessee for State Government office accommodation.

The Department of Finance procures and manages leased office accommodation on behalf of the Minister for occupancy by government agencies. Agencies enter into a memorandum of understanding with the Department of Finance regarding the terms and conditions of their occupancy.

To obtain new leased office accommodation, government agencies submit a statement of need to the Department of Finance detailing:

- The amount of space required;
- The number of staff to be accommodated;
- Details of any special building operational requirements;
- The term of the proposed lease;
- Confirmation that the agency's needs cannot be met by using existing government vacant or underutilised space;
- Details of the preferred premises (if identified);
- Confirmation that funding is available;
- Compliance with the Government Office Accommodation Policies; and
- The endorsement of the agency's Chief Executive Officer.

On approval of the above, the Department of Finance can authorise commencement of a procurement process and subsequently negotiations regarding the lease terms and conditions for the preferred premises.

The Department of Finance assists agencies with identifying premises and preparing the statement of need, negotiating the lease terms and conditions, and preparing the lease documentation for signing.

B NEGOTIATING AND ADMINISTERING EXISTING LEASES

The Department of Finance is responsible for the ongoing management of leases where the Minister for Works is the lessee. This includes:

- The payment of rent and outgoings to lessors in accordance with the terms and conditions of the lease and the recovery of those monies from tenant agencies in accordance with the applicable memorandum of understanding;
- Ensuring that all lease transactions, including the exercise of lease options and administering rent reviews, are undertaken in accordance with the lease terms and conditions, tenant agency instructions, and government office accommodation policy and standards; and
- Ensuring that the lessor complies with the lease terms and conditions.

C PROVIDING CONSULTANCY ADVICE ON COMMERCIAL PROPERTY MATTERS

The Department of Finance undertakes detailed property analysis to inform business cases and other formal submissions to Government. This includes:

- Providing strategic accommodation planning advice, including advice on maximising the utilisation of premises and undertaking property market analysis;
- Providing advice to assist in the development of proposals to meet accommodation requirements and assisting the development and execution of formal approaches to the market (for example, requests for proposals, expressions of interest and requests for information);

- Sourcing and coordinating other specialist property related services where necessary.

D GOVERNMENT OFFICE ACCOMMODATION REFORM PROGRAM

The Department of Finance has established the Government Office Accommodation Reform Program (the Reform) to reduce the overall office accommodation cost to government.

The Reform aims to reduce costs by:

- Reducing the office space that is occupied by government;
- Reduce the lease costs by securing the best available outcome; and
- Improving the use and management of existing office space.

This will mean increased data capture of lease and associated information, across government owned and leased assets.

1.2 PANEL TO BE ESTABLISHED

This Request aims to establish a Panel of consultants who can provide the Services described in clause 2 below.

While the Panel aims to ensure that all the required Services can be delivered, it is not mandatory for all Panel Members to be able to deliver all the types of Services listed under the Specification.

It is not mandatory for Panel Members to have knowledge of both the metropolitan and regional areas.

Therefore, where an Offer demonstrates specialist skills against some of the required Services, and not all, the Respondent may still be considered for appointment to the Panel.
