Dear Ms Ryan

Western Power feedback on proposed changes to the Metering Code

Thank you for the opportunity to provide feedback on Energy Policy WA's consultation paper, *Energy Transformation Strategy: Proposed Changes to the Electricity Industry (Metering) Code 2012*.

As you will know, Western Power has worked closely with Energy Policy WA and the Australian Energy Market Operator in developing the proposed changes to the Metering Code. In particular, estimating the implementation costs to Western Power for the reforms and considering technical issues in collaboration with Energy Policy WA.

Western Power supports the proposed changes to the Metering Code and will be pleased to continue working closely with Energy Policy WA and other stakeholders to consider matters raised in stakeholders' responses to the consultation paper.

Should you wish to further discuss the proposed changes to the Metering Code, I can be contacted on 08 9441 3518 or zahra.jabiri@westernpower.com.au.

Yours sincerely
