

Constraint Formulation

WRIG feedback changes

Material changes

- Elevation of “Quality Control” appendix to Procedure:
 - AEMO obligation for Constraint Equation “efficiency review”
 - Binding constraints regularly reviewed

Other changes

- New AEMO introduction template
 - Consistent use of
 - “paragraph” for intra-Procedure references
 - “clause” for WEM Rule references
- Left Hand Side definition aligned with Limit Advice Requirements
- Removal of reference to 2.27A10(c)
 - Details of Constraint Library (format, notification of changes) covered in WEM Procedure: Congestion Information Resource
