

Whadjuk People ILUA

External boundary description

The Agreement Area covers all the land and waters within the external boundary described as:

All those lands and waters commencing at the intersection of the 3 Nautical Mile Limit with the southern boundary of Native Title Determination Application WAD6192/1998 Yued (WC1997/071) and extending generally easterly along the boundaries of that native title determination application to the intersection with a western boundary of Native Title Determination Application WAD6181/1998 Ballardong People (WC2000/007). Then generally southerly along the boundaries of that native title application to the intersection with a northern boundary of Native Title Determination Application WAD6274/1998 Gnaala Karla Booja (WC1998/058). Then generally westerly along the boundaries of that native title determination application to the intersection with the northernmost northern point of the High Water Mark of Garden Island. Then west to the intersection with the 3 Nautical Mile Limit. Then generally north westerly, generally north easterly and generally northerly along that 3 Nautical Mile Limit back to the commencement point.

Note

Data Reference and source

- Agreement boundary data compiled by National Native Title Tribunal based on data sourced from Native Title Spatial Services (WA)
- Native Title Determination Application WAD6192/1998 Yued (WC1997/071) as accepted for registration on the 22nd August 1997.
- Native Title Determination Application WAD6181/1998 Ballardong People (WC2000/007) as accepted for registration on the 3rd July 2008.
- Native Title Determination Application WAD6274/1998 Gnaala Karla Booja (WC1998/058) as accepted for registration on the 17th September 1998.
- High Water Mark sourced from Landgate's Spatial Cadastral Database dated 4 October 2013.
- 3 Nautical Mile Limit is based on and sourced from AMB data, 6th Edition released in February 2006.

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Prepared by Geospatial Services, National Native Title Tribunal (20 August 2014)
