**1. Please provide your views on the proposal, including any objections or suggested revisions**

Community Electricity supports the Rule Change Proposal on the grounds that it removes unnecessary administration, updates and simplifies the conceptual framework and stabilises key components of the energy and capacity markets. We consider the provisions for an initial reset of the parameters and a needs-based reconsideration to be sufficient safeguards to prevent inappropriate drift of the indexation.

---

**2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives**

Community considers that the Rule Change improves the integrity of the Market Rules and is consistent with all the Market Objectives.

---

---

**3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved**

The proposal has no implications for Community.
