

Rule Change Extension Notice: Reduced Frequency of the Review of the Energy Price Limits and the Maximum Reserve Capacity Price (RC_2014_05)

This notice of extension is given under clause 2.5.12 of the Market Rules.

Submitter: Kate Ryan, IMO

Date submitted: 2 December 2014

Date of extension: 9 December 2019

In accordance with clause 2.5.10 of the Market Rules, the Rule Change Panel has further extended the timeframe for the publication of the Draft Rule Change Report for the Rule Change Proposal titled “Reduced Frequency of the Review of the Energy Price Limits and the Maximum Reserve Capacity Price” (RC_2014_05) until **5:00 PM on Thursday 31 December 2020**.

Dates for subsequent steps of the rule change process have been adjusted accordingly.

Reason for the Extension

Under the Market Rules, the Economic Regulation Authority (**ERA**) reviews the methodology for setting the Energy Price Limits (**EPLs**) and Benchmark Reserve Capacity Price (**BRCP**) at least once every five years.¹ However, Energy Policy WA (**EPWA**) also plans to review EPLs in 2020 as part of the Energy Transformation Strategy. The ERA is now scoping its review of EPLs and the BRCP and will coordinate timing for its review with EPWA in early 2020.

The Rule Change Panel considers that the outcome of the ERA’s review is an important input for the assessment of the proposed changes in RC_2014_05. The Rule Change Panel has therefore extended the timeframe for publication of the Draft Rule Change Report until 31 December 2020 to allow the Rule Change Panel to consider the outcome of the ERA’s review of the EPLs and the BRCP when progressing the proposal.
