

# state lot activity: WA

## JUNE QUARTER 2020

### 1 State summary

- During the June 2020 quarter, the number of developer-lodged applications totalled 547 for residential purposes and 155 for non-residential purposes across Western Australia. This represents an increase of 37 per cent from the previous quarter (March) for residential, but a decrease of 36 per cent for non-residential purpose.
- The number of proposed residential lots among the received applications significantly increased from 1,991 in the previous quarter to 5,912 in the June quarter. The number of proposed non-residential lots declined by 10 per cent over the same quarter to 447.
- By the end of June, the number of proposed residential lots under assessment totalled 8,860 - an increase of 16 per cent from the previous quarter. The number of proposed non-residential lots under assessment was one per cent lower from the previous quarter to 824.
- The number of proposed lots granted conditional approval during the quarter increased by 14 per cent from the previous quarter to 4,573 for residential; but decreased by 14 per cent to 396 for non-residential purposes.
- At the end of June 2020, the developer stock of conditionally approved residential lots was less than one per cent from the previous quarter to 56,067. The developer stock of conditionally approved non-residential lots was one per cent higher over the previous quarter to 4,339.
- The number of lots granted final approval totalled 2,477 for residential purposes and 364 for non-residential purposes during the June quarter. This represents an increase of 27 per cent and 32 per cent from the previous quarter, respectively.

■ conditional approvals ■ final approvals

<sup>1</sup> The metropolitan region is made up of Metropolitan Region Scheme area and Peel Region Scheme area, as defined by *Perth and Peel@3.5million*.

<sup>2</sup> The Peel Region Scheme includes the City of Mandurah and the shires of Murray and Waroona.

<sup>3</sup> Peel includes the City of Mandurah and the shires of Boddington, Murray and Waroona.

## Introduction

---

This publication contains statistical details of subdivision activity in Western Australia.

## Coverage

---

1. Lot creation statistics are compiled from subdivision (including survey strata and vacant strata) applications lodged with the Western Australian Planning Commission (WAPC) for approval.
2. These statistics relate to lots for residential and non-residential purposes; for urban residential lots less than 3,000 square metres; and all non-residential and residential strata lots, irrespective of size. The non-residential component of these statistics includes counts of rural residential and special residential lots.
3. Strata lot statistics provided include all survey strata lots and vacant strata lots that require determination by the WAPC. Built strata lots are not included in the strata lot statistics because they do not require determination by the WAPC.

## Definitions

---

**Developer – lodged applications** refers to those applications received by the WAPC for the purpose of subdivision.

**Applications under assessment** is the number of applications under assessment for conditional approval by the WAPC and includes those which have been deferred.

**Conditional approval** is granted by the WAPC for subdivision development to begin. The approval is preceded by an assessment of the proposed subdivision plan in consultation with servicing agencies. On receipt of conditional approval, the proponent may commence subdivision development in accordance with the conditions of approval within four years of the approval date. These approval conditions are based on outcomes from the consultative assessment.

**Current conditional approvals** are approvals creating five lots or less not older than three years and approvals for more than five lots not older than four years.

Formerly, development of lots was to be completed within three years. This period has been extended to four years by the *Planning and Development Act 2005* proclaimed on 9 April 2006. State lot activity statistics for the June quarter 2006 and later, reflect the new legislation.

**Final approval** is the WAPC endorsement of the proponent's submitted deposited plan or strata/survey strata plan describing the now complete subdivision constructed in accordance with the conditions set down in the conditional approval.

Deposited plans/strata plans that have final approval are registered with Landgate (formerly Department of Land Information) where certificates of titles for the newly created lots can be issued. The characteristic difference in lot numbers seen between conditional and final approvals arises from proponents choosing not to proceed with the subdivision in the specified four year period in accordance with the conditions of the conditional approval; either at all, only in part, or via another conditional approval incorporating a new plan for the subject land.

**Green title** lot is a conventional land parcel shown on a deposited plan registered with Landgate. The purpose of the lot is determined by an appropriate zoning under the relevant local government local planning scheme.

**Survey strata** is a new form of strata created by the *Strata Titles Amendment Act 1995*. Simply, it defines ownership of a land parcel without reference to a building, even though buildings exist or will be constructed on all parcels. Survey strata schemes are either all vacant or all developed, excluding those lots where ownership is shared as common property. The lots on a survey strata plan look much the same as lots that are shown on plans and diagrams for green titles.

**Vacant strata** is created by the subdivision of a lot containing an existing dwelling. On coming into existence the strata plan will comprise a mix of developed and vacant lots, of which at least one will contain a dwelling.

**Estimated median lot size** is calculated from a count of created lots grouped within lot size intervals that have become standards of the Department's application processing. This is an estimate only. An accurate median needs to be calculated from counts using the specific size of each created lot.

## Caveat

---

Any statement, opinion or advice, expressed or implied in this publication is made in good faith but on the basis that the WAPC, its agents and employees are not liable to any person for any damage or loss whatsoever which has occurred or may occur in relation to that person taking or not taking action in respect of any statement, or advice referred to in this document.

Reproduction of these statistics, either in part or full, is permitted. However, acknowledgement of the source would be appreciated.

## Geographic explanation

Data in this publication is presented by local government area and State planning region.

### Metropolitan

Includes the following local government areas:

#### Central sub-region

- Town of Bassendean
- City of Bayswater
- City of Belmont
- Town of Cambridge
- City of Canning
- Town of Claremont
- Town of Cottesloe
- Town of East Fremantle
- City of Fremantle
- City of Melville
- Town of Mosman Park
- City of Nedlands
- Shire of Peppermint Grove
- City of Perth
- City of South Perth
- City of Stirling
- City of Subiaco
- Town of Victoria Park
- City of Vincent

#### North-east sub-region

- City of Kalamunda
- Shire of Mundaring
- City of Swan

#### North-west sub-region

- City of Wanneroo
- City of Joondalup

#### South-east sub-region

- City of Armadale
- City of Gosnells
- Shire of Serpentine-Jarahdale

#### South-west sub-region

- City of Cockburn
- City of Kwinana
- City of Rockingham

#### Peel Region Scheme

- City of Mandurah
- Shire of Murray
- Shire of Waroona

### State planning region

Perth metropolitan region

- Central sub-region
- North-east sub-region
- North-west sub-region
- South-east sub-region
- South-west sub-region

Peel

- City of Mandurah
- Shire of Murray
- Shire of Waroona
- Shire of Boddington

Gascoyne

Goldfields-Esperance

Great Southern

Kimberley

Mid West

Pilbara

South West

Wheatbelt

### Balance of State

Includes all regional planning regions plus the Shire of Boddington. Excludes the Metropolitan region.

#### Regional

Northern regions

- Includes the Kimberley and Pilbara planning regions

Central regions

- Includes the Gascoyne, Mid West and Goldfields-Esperance planning regions

Wheatbelt region

- Refers to the Wheatbelt planning region

South West regions

- Includes the South West and Great Southern planning regions
