Department of Water and Environmental Regulation

### **GONE**

Single use  
plastics.

### **GOOD**

Compostable  
alternatives.

### **BETTER**

BYO reusable  
plate.

### **BEST**

Dine in.

# Choose good, better, or best to landfill less.

## **WA IS PHASING OUT MANY SINGLE-USE PLASTICS.**

Many retailers and venues now provide alternatives to single-use plastic plates and unlidded food containers. You can choose compostable or reusable plates for picnics and celebrations. Or you can choose to dine in style with ceramic plates.

Our small changes will make a big difference to reducing plastic waste.
