Survey questions for parents and carers

Questions to prompt discussions with parents/carers:

1. What do you value most about our community as a parent/carer?
2. What are the most important sources of information for you as a parent/carer?
3. What programs/initiatives/services have been most helpful to you raising young children?
4. What do you find the hardest part of raising a child in our community?
If you could make one suggestion to help our community better support families of young children, what would it be?
5. Finally, if you had three wishes for the future of our community in terms of it being a great place to raise young children, what would they be?
