Young People Managed in the Community Quarterly Statistics

March Quarter 2015

To protect, to rehabilitate and to serve

Quarterly Statistics

March Quarter 2015

Quarterly Statistics reports numbers of adults and young people who are in the care of the Department, either in custody or in the community, on a quarterly basis.

Four Quarterly Statistics reports will be produced each year at the end of March, June, September and December.

The statistics provided in this report are snapshot data current at midnight (12.00 am) on the last day of each quarter, comparison data for the same quarter of the previous year and the percentage increase or decrease on that data.

It also includes trend information for each quarter for the previous 5 years. A glossary of definitions is at the end of each report.

Young People Managed in the Community

The Department operates 35 youth justice offices in the community (8 in metropolitan area, 22 in regional areas and 5 in outreach locations).
