

# Young People in Detention Quarterly Statistics

December Quarter 2016

## Quarterly Statistics

### December Quarter 2016

Quarterly Statistics reports numbers of adults and young people who are in the care of the Department, either in custody or in the community, on a quarterly basis.

The statistics provided in this report are snapshot data current at midnight (12.00 am) on the last day of each quarter, comparison data for the same quarter of the previous year and the percentage increase or decrease on that data.

It also includes trend information for each quarter for the previous 5 years. A glossary of definitions is at the end of each report.

The statistics are accurate as at the time the data is extracted from the systems. The data systems are dynamic and are constantly being updated and data integrity improved. For this reason data may change slightly from month to month or quarter to quarter.

### Young People in Detention

The Department operates the Banksia Hill Detention Centre. It is the only detention centre in WA for offenders aged 10-17 years and accommodates both male and female youth.
