

Green Jobs

Plan – employment outcomes: December 2022

The Green Jobs Plan is a \$60.3 million investment in environmental projects as part of the WA Recovery Plan and will be managed by four State Government departments, working together.

On Monday 27 July 2020, the State Government announced a Green Jobs Plan to help Western Australia's economic recovery from COVID-19. The Green Jobs Plan will create more than 1,000 jobs as part of the WA Recovery Plan.
