

Taylor Marine

COMPANY / CAPABILITY OVERVIEW

Taylor Marine is a 100% Australian owned and operated Company. A leading Supplier and Systems Integrator of Navigation and Communications equipment to the Defense, Merchant Marine, Offshore and Ship Building industries of Australia.

Our in-house expertise from RFQ to supply, install and commission, we're able to provide a turn-key project solution.

Our direct agency agreements with world leading manufacturers of marine navigation and communications equipment ensures that we maintain high training standards, quality, service and world best support.

With service depots around Australia, our Head Office, Major Projects Dept. Service Coordination and Technical Support offices are based in Henderson WA, the heart of the Australian Ship Building and Support precedent.
