## Western Australian Advocacy for Consumers of Energy

5 December 2023

**The Western Australian Advocacy for Consumers of Energy (WA ACE) Grants fund research and advocacy activities supporting household and small businesses in the WA energy sector.**

The objectives of the WA ACE Grants are to:

- support energy consumer advocacy activities;
- build knowledge and capacity of energy consumer advocates; and
- promote solution-focused consumer-centric research in the energy sector, that benefit the long-term interests of energy consumers in Western Australia.

This document lists all grant decisions made as part of the WA ACE Grants program. These records have been made available to inform policy and build knowledge about energy consumer research and activities in Western Australia.
