Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence', 'Offence Substituted' or 'False Report'.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2018, with the population of Western Australia being 2,594,181.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence', 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence', 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- (a) From July 2017, offences are defined as 'Recorded Offences'. Recorded offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: 'No Criminal Offence', 'Offence Substituted', or 'False Report'. Prior to July 2017, offences were defined as 'Verified Offences'. Verified offences were all offences reported to or becoming known to police within the relevant time period that have not been determined to be a 'False Report' or 'Mistakenly Reported'. The number of reported offences is not within the direct control of the police.
- (b) Changes to recording and reporting practices implemented between May and July 2017 affect the crime statistics presented in this document. As a result, comparison with historical data should be done with caution.
- (c) This document contains statistical information on selected recorded offences reported to or becoming known to police, and resulting in the submission of an incident report in the Frontline Incident Management System (IMS). It excludes offences against public order, such as disorderly conduct and offences against the Firearms Act 1973, Liquor Licensing Act 1988 and a number of other offences against the statute laws of this State and the Commonwealth.
- (d) The number of recorded offences for a period comprises all recorded offences reported during that period and may include recorded offences committed during earlier periods.
- (e) Proactive policing strategies undertaken by the police to encourage the reporting of certain offences, such as family violence and sexual assault, and the proactive targeting by the police of certain offences will increase the number of offences reported or detected for a given period. However, a decrease in the number of reports for a targeted offence may occur in subsequent periods if the targeting has been successful or a different offence becomes a replacement target.
- (f) The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.
- (g) Circumstances of aggravation are factors present during an offence that escalate the severity. For example, if during a robbery offence the offender threatens to kill any person, it is considered 'aggravated robbery'. Due to recording limitations, offences committed under circumstances of aggravation are not indicated in this report.
- (h) 'Stealing From Motor Vehicle (Contents or Parts)' is a new series from June 2017. This offence type did not exist prior to this date.
- (i) 'Stealing From Retail Premises (Shoplift)' is a new series from June 2017. This offence type did not exist prior to this date.
- (j) 'Stealing From Dwelling' is a new series from June 2017. This offence type did not exist prior to this date.
- (k) 'Property Damage' excludes circumstances where the damage was caused facilitating another offence. For example, breaking a window to commit burglary.
- (l) 'Detected Offences' comprise categories of offences such as 'Drug Possession' which are usually detected by, rather than reported to, police. Consequently, any changes in detected offence figures may be influenced by police activity and/or the prevalence of the offences occurring in the community.
- (m) 'Miscellaneous Offences' comprise offence categories where the number of reported and detected offences is dependent on external factors. For example, the number of 'Fraud' and 'Graffiti' offences are dependent on reporting practices and recording issues by Government agencies, local government authorities and private enterprises. The number of 'Breach of Violence Restraint Order' offences is affected by enhancements to family violence legislation and ongoing Government and police strategies.
- (n) 'Fraud (Credit Card)' is a new series from June 2017. This offence type did not exist prior to this date.
- (o) 'Fraud (Not Elsewhere Classified)' has a series break at June 2017. Prior to this date this offence type included credit card fraud.
- (p) 'Breach of Family Violence Restraint Order' includes the offences of 'Breach of Family Violence Restraint Order' introduced in July 2017 due to legislation changes and 'Breach of Violence Restraint Order' where a family relationship is determined to exist.
