## SCHEDULES

### Schedule 1- Scheme Use Areas

General descriptions of the seven types of Scheme use area referred to in the Scheme are provided in this Schedule. The boundaries of, and detailed land use objectives for the Scheme use areas in individual precincts are contained in the precinct plans.

SCHEME USE AREAS	DESCRIPTION
<b>City Centre</b>  <i>AMD 25 GG 26/2/13; AMD 29 GG 17/3/15</i>	<p>The City Centre Scheme use area applies to all non-reserved land in the city centre, and covers Precincts P1 Northbridge, P2 Cultural Centre, P3 Stirling, P4 Victoria, P5 Citiplace, P6 St Georges and P7 Civic.</p> <p>The City Centre is the State's primary location for business and administration as well as commercial, civic, cultural, entertainment and retail activity. It is also a major focus for tourism, both as a sight-seeing destination and for the tourist accommodation it provides. Residential development is strongly encouraged in the central core to create a 'living' city. Diversity and vitality are fundamental to the overall land use profile of the city centre and should be facilitated by providing a wide range of facilities and services which enable the city to fulfil its many functions while sustaining interest and activity on a virtually continuous basis. The scale and intensity of activities in the city centre also help to distinguish it from surrounding areas and are therefore important to its land use character.</p> <p>Each of the seven Precincts covered by the city centre Scheme use area has a slightly different land use emphasis and no particular use group is either preferred or prohibited in all of the Precincts concerned. A number of use groups, however, are classified either as preferred or contemplated in all Precincts – Residential, Special residential, Home Occupation, Civic, Community and Cultural, Entertainment, Dining, Retail (Local and General), Business Services, Healthcare (1 and 2) and Education (1 and 2).</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>
<b>Residential</b>  <i>AMD 35 GG 24/02/17</i>	<p>Residential Scheme use areas cover parts of Precincts P9 Matilda Bay, P10 West Perth, P13 Adelaide and P14 Goderich.</p> <p>The emphasis in these areas is very much on permanent residential accommodation of various types, developed in accordance with the relevant Residential Design Code, with associated home-based businesses also favoured. Preferred use groups are therefore Residential and Home Occupation. A limited range of complementary uses may also be considered appropriate in certain instances, provided that the amenity of surrounding residential fabric is adequately preserved– use groups including Special Residential, Recreation and Leisure, Retail(Local), Community and Cultural, Education 1 and Healthcare 1, as well as nursing homes in the Healthcare 2 category, are classified as contemplated uses. Most of these would be subject to the advertising procedure of the Deemed Provisions before being considered by the Local government.</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>

SCHEME USE AREAS	DESCRIPTION
<b>Residential/Commercial</b> AMD 24 GG 26/2/13	<p>Residential/Commercial Scheme use areas cover parts of Precincts P10 West Perth, P11 Hamilton and P14 Goderich.</p> <p>They are intended to develop as lively and diverse mixed-use areas providing for an extensive range of residential and commercial uses to be established either in association with each other or independently, in a compatible manner – mixed residential/commercial development is strongly encouraged, provided that conflict between the residential and non-residential components is minimised. A wide variety of uses in the Residential, Home Occupation, Special Residential, Community and Cultural, Dining, Recreation and Leisure, Office, Retail (Local), Business Services and Healthcare 1 categories are classified as preferred, while all other use groups with the exception of Retail(Central) and Industry(Light) are contemplated in these areas.</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>
<b>Office/Residential</b> AMD 25 GG 26/2/13	<p>Office/Residential Scheme use areas cover parts of Precincts P10 West Perth and P13 Adelaide.</p> <p>It is intended that they develop as mixed use areas comprised primarily of permanent residential accommodation and office/business activities, together with a limited range of complementary uses – residential and non-residential uses may be developed either in combination or independently, in a compatible manner. Preferred use groups are Residential, Special Residential, Office, Home Occupation, Dining, Business Services and Healthcare.</p> <p>1. Certain other uses which serve the needs of surrounding residents and workers and/or are compatible with the desired character of the area may also be considered appropriate.</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>
<b>Town Centre</b> AMD 25 GG 26/2/13	<p>Town Centre Scheme use areas cover parts of Precincts P10 West Perth and P14 Goderich.</p> <p>While the Town centres should have the potential to accommodate a range of commercial and residential uses, it is intended that they be identified principally as shopping/service nodes serving the needs of residents and workers in surrounding areas and generally functioning at a smaller, more localised scale than the retail precincts of the central city. The centres, both of which are focused on portions of Hay Street, should have a distinct “main street” focus with continuous shopfronts enhancing the pedestrian environment along the primary street frontage. Preferred uses abutting Hay Street are therefore those in the Retail (Local and General), Dining, and Business Services categories. Although some other uses such as Special Residential may be favourably regarded on this frontage if compatible with the desired character of the centre, contemplated use group categories include Community and Cultural, Entertainment, Mixed Commercial, Industry (Service and Cottage). These and many more may be considered appropriate at other locations within the centre i.e. rear ground floor tenancies, upper or lower levels and on street frontages other than Hay Street.</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>

SCHEME USE AREAS	DESCRIPTION
<p><b>Commercial</b> AMD 24 GG 26/2/13</p>	<p>Commercial Scheme use areas cover parts of Precinct P10 West Perth.</p> <p>It is intended that they continue to develop as general commercial areas accommodating a diverse mix of facilities and services. Preferred use groups include Office, Business Services, Mixed Commercial, Community and Cultural, Entertainment, Recreation and Leisure, Retail (Local), Dining, Industry (Cottage) and Healthcare 1. Industry (service) is also classified as preferred in Hamilton. Most other use groups within the Commercial area are contemplated.</p> <p><b>NOTE:</b> Refer to Schedule 3: Use group tables for more detailed information.</p>

**14. 187-193 Adelaide Terrace and 82-94 Terrace Road Special Control Area.**

*AMD 20 GG 06/08/10*

**14.1 Special Control Area.**

The following provisions apply to the land marked as Figure 14 187-193 Adelaide Terrace and 82-94 Terrace Road Special Control Area.

**14.2 Objectives:-**

The objectives of the 187-193 Adelaide terrace and 82-94 Terrace Road Special control Area No. 14 are:

- a) To facilitate development of the Special control Area as a whole in a coordinated manner;
- b) The restoration and maintenance of the building(s) of considerable heritage significance;
- c) The development of an appropriate built form outcome which is responsive to its context by:
  - Acknowledging that the development immediately adjacent to and on either side of Burt Way should form the focal point of development along Terrace Road, being emphasised by greater building height relative to other development in Terrace Road. Any development within the Special Control Area that fronts Terrace Road should demonstrate the transition of a lower building height, down from west to east.
  - Providing a development of bulk and scale which reads as more intensive development towards the Adelaide Terrace frontage cascading to a more moderate urban scale fronting Terrace Road to reinforce the desired character of this precinct.
  - Mitigating building mass by designing buildings across sites with wide frontages that are broken into narrower vertical sections or that are divided into separate buildings, with an emphasis on maximising views through the site and sunlight to public spaces, decreasing the impacts of overshadowing on Langley Park in particular.
  - Ensuring the built form is sympathetic to the adjoining sites, is well spaced and positioned to equitably distribute access to sunlight between buildings; sun penetration to key areas of the public domain during designated times; and minimising ground wind speeds to provide pedestrian safety and comfort.
  - Designing buildings with well articulated front, side and rear facades to enhance vistas and outlooks from various directions.
  - Having regard to heritage buildings or places, allowing sufficient curtilage to the existing buildings and new development of an appropriate height and scale.

14.3 Heritage Buildings

- a) Prior to any commencement of development within the SCA the owner(s) of the land must enter into a heritage agreement with the Heritage local government of Western Australia (HCWA) and the local government.
- b) The works to the heritage buildings under the heritage agreement must be completed prior to the occupation of the northern portion of the SCA.
- c) The requirements of 14.3 (a) and (b) does not prevent the awarding of bonus plot ratio for the retention and restoration of the heritage places.

14.4 Subdivision

- a) Subdivision of this site (SCA) is not restricted.
- b) For the purpose of restricting the distribution of plot ratio across the whole of the site (SCA) the site (SCA) is divided into an equal sized southern and northern portion as detailed in Figure 14.

14.5 Plot Ratio

For the purpose of determining plot ratio within the Special Control Area, the site shall be treated as one lot and the total plot ratio for the Special Control Area shall be restricted to 36,540m<sup>2</sup> of plot ratio floor area. This requirement does not prevent the awarding of bonus plot ratio or the transfer of plot ratio under the provisions of clause 28 or clause 34 of the City Planning Scheme No. 2 subject to:

- a) The plot ratio of the southern portion of the site, as detailed in Figure 14, being restricted to a maximum of 26, 730m<sup>2</sup> of plot ratio floor area, with no additional plot ratio being allocated to this portion of the site by way of receiving any bonus plot ratio or by way of transfer of plot ratio.
- b) Any additional plot ratio being awarded by the Local government or transferred to the site in accordance with the provisions of clause 28 or clause 34 of the City Planning Scheme No. 2 will only be able to be used for development on the northern portion of the site, as detailed in Figure 14.

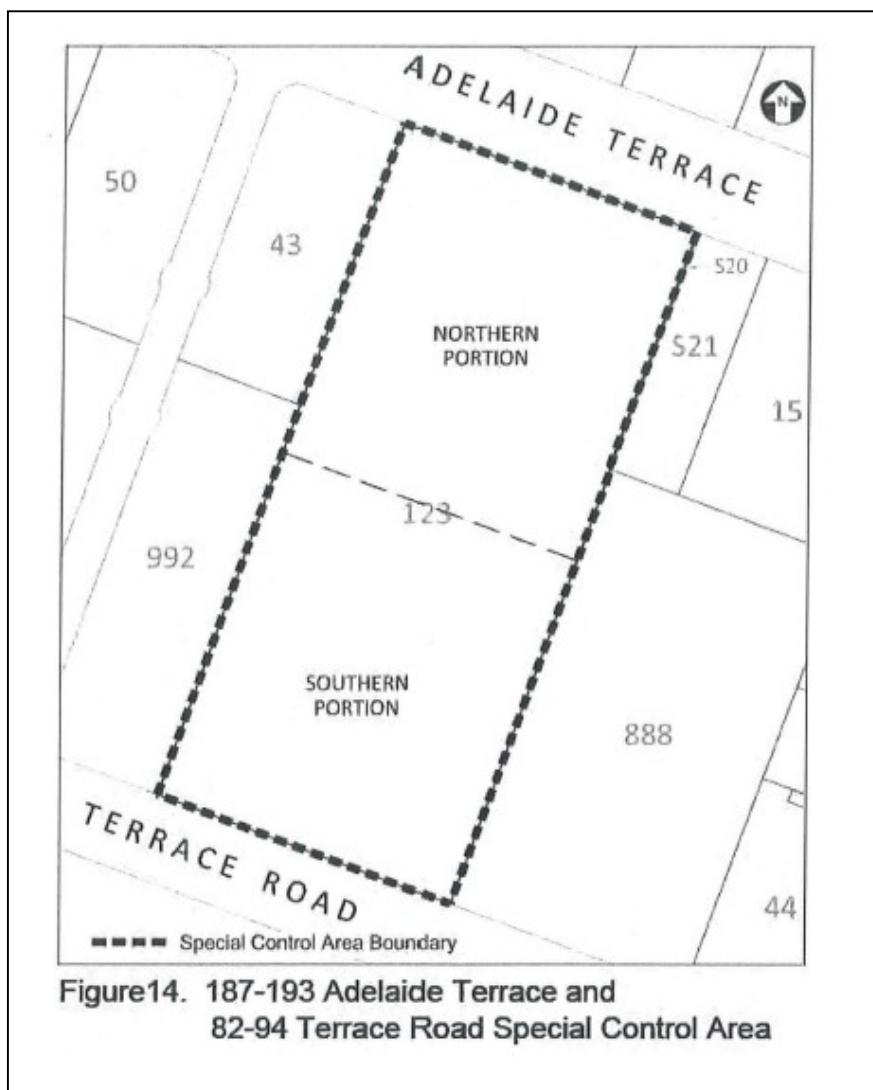

14.6 Built Form

- a) Development on the southern portion of the site, as detailed in Figure 14, shall contain a minimum of two (2) freestanding buildings, excluding any low rise buildings fronting Adelaide Terrace.
- b) The side setbacks applicable to development on the southern portion of the site, as detailed in Figure 14, from first floor level and above shall be a minimum of six (6) metres. A nil side setback will be permitted for the ground floor and basement levels.
- c) The separation between the buildings on the southern portion of the site, from first floor level and above shall be a minimum of eight (8) metres, excluding any low rise buildings fronting Adelaide Terrace.
- d) The maximum height of any building on the western side of the southern portion of the site shall be 73.7 metres AHD, excluding lift overrun/servicing and architectural features which can exceed the maximum height by an additional 3 metres.
- e) The upper most residential level of any building on the western side of the southern portion of the site should preferably be stepped from west to east and can extend to 65 percent (maximum) of the width to Terrace Road of the typical levels below.

- f) The maximum height of any building on the eastern side of the southern portion of the site shall be 68.4 metres AHD, excluding lift overrun/servicing and architectural features which can exceed the maximum height by an additional 3 metres.
- g) The car parking levels on the northern portion of the site shall be below the level of the footpath along the Adelaide Terrace frontage (14.63 metres AHD).

#### 14.7 Car Parking

For the purpose of determining tenant car parking the 187-193 Adelaide Terrace and 82-94 Terrace Road Special Control Area shall be treated as one lot under the provisions of the Perth Parking Policy. The tenant car parking facilities in one building within the Special Control may be leased or used by the tenants of another building within the Special Control Area.

**15. 92-120 Roe Street Special Control Area.**

*AMD 21 GG 23/11/10*

**15.1 Special Control Area**

The following provisions apply to the land marked as Figure 15 – 92-120 Roe Street Special Control Area.

**15.2 Objectives**

The objectives of the 92-120 Roe Street Special Control Area are to:

- (a) Facilitate development of the Special Control Area as a whole in a coordinated manner; and
- (b) Promote the development of an appropriate built form outcome which is responsive to its context.

**15.3 Plot Ratio**

For the purpose of determining plot ratio the 12,036m<sup>2</sup> total area of the 92-120 Roe Street Special Control Area shall be treated as one lot.

**15.4 Car Parking**

For the purpose of determining the tenant parking allowance under the Perth Parking Policy for any development within the Special Control Area, the 92-120 Roe Street Special Control Area shall be treated as one lot.

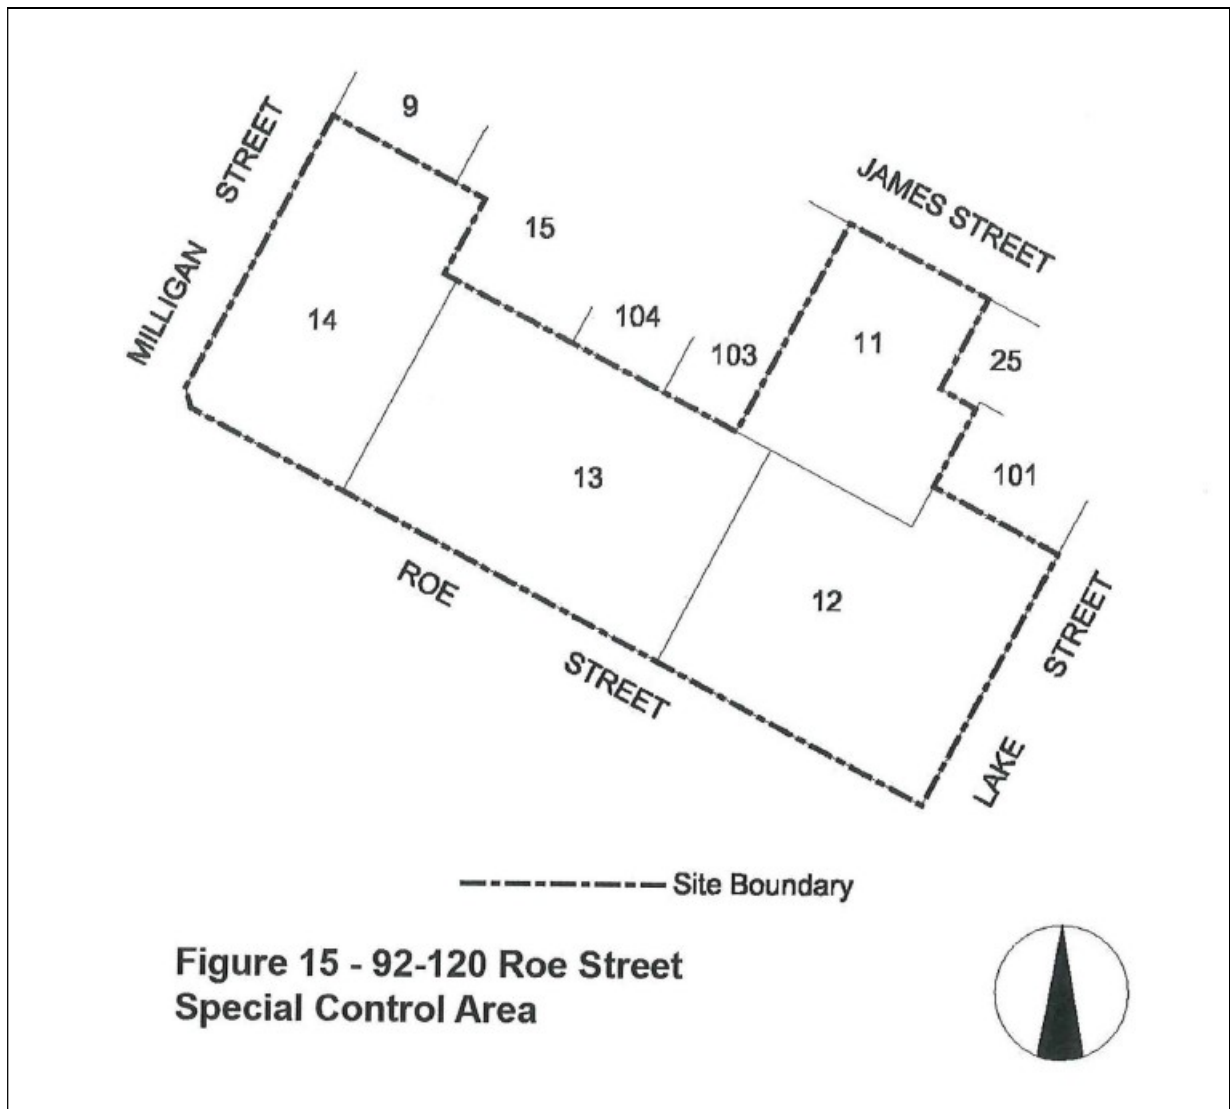

The tenant car parking facilities may be leased or used by the tenants of any non-residential building within the Special Control Area and in accordance with any development approval for the land.

Vehicle entry and exit points for all on-site car parking should be from Roe Street to minimise pedestrian/vehicle conflict in the core entertainment area of Northbridge.

**15.5 Built Form**

Any new development within the Special Control Area is required to be responsive to its context by incorporating the following design principles:-

- (a) The corner element of any new development immediately adjacent to the corner of Roe and Lake Streets should form the visual focal point of the Special Control Area, being emphasised by greater building height relative to other development on the site.
- (b) The bulk and Scale of the development should read as being more intensive towards Roe Street and should demonstrate the transitioning of a lower building height and scale, down from south to north (lower scale fronting James Street) to reinforce the desired character of the Northbridge Precinct while providing an appropriate interface with development in the 'Link' project area.
- (c) The building mass along the Roe Street frontage should be mitigated by designing buildings that have well-articulated facades, visually broken into narrower vertical sections or that are divided into separate buildings to reflect the traditional urban grain of Northbridge.

## **16. Hamilton Special Control Area**

### **16.1 Special Control Area**

The following provisions apply to the land marked as Figure 16: Hamilton Special Control Area—

### **16.2 Objectives**

The objectives of the Hamilton Special Control Area are to—

- (a) ensure development of the land within the Special Control Area occurs in a coordinated and integrated manner;
- (b) encourage Residential and Special Residential development, within close proximity to the City West train station;

- (f) strengthen the visual connectivity from the existing train station along Plaistowe Mews; and
- (g) encourage the retention of uses that serve as major visitor attractors to the Hamilton Precinct.

### **16.3 Plot Ratio**

For the purpose of determining the plot ratio within the Special Control Area, the site shall be treated as two separate areas—

- Area A—incorporating Lot 200 Railway Street, West Perth and bounded by Plaistowe Mews to the west, Railway Street to the south, and Sutherland Street to the east and to the north.
- Area B—incorporating Lot 301 Railway Street, West Perth and bounded by Plaistowe Mews to the east, Railway Street to the south, and Troode Street to the north.

The maximum plot ratios for Area A and Area B within the Special Control Area shall be as outlined in Table 1 below—

**Table 1**

<b>Special Control Area (comprising Area A &amp; Area B)</b>	<b>Maximum Plot Ratio</b>
<b>Without the provision of Public infrastructure/facilities</b>	3.0:1.0 (maximum 2.0:1.0 for use groups other than Residential or Special Residential)
<b>Subject to the provision of public infrastructure/facilities in accordance with clause 16.3</b>	4.5:1.0 (maximum 3.0:1.0 for use groups other than Residential or Special Residential)

The maximum plot ratios outlined in Table 1 shall be calculated on the site areas of Area A and Area B, prior to the subdivision and ceding of any land for public infrastructure or facilities to the Local government.

Where the total development on either Area A or Area B exceeds a plot ratio of 3.0:1.0 (or 2.0:1.0 for use groups other than Residential or Special Residential) outlined in Table 1, all of the public infrastructure/facilities outlined in Figure 16, as well as a specific facility on private land (currently known as Scitech), shall be provided as part of a co-ordinated and integrated development by the owner(s) and/or developers of the land affected by the Special Control Area whereby -

  - (ii) a new vehicular/pedestrian east-west link, with minimum dimensions of 95m x 13m = 1,250m<sup>2</sup>, situated between the new road and Plaistowe Mews, to the north of the new public park;

shall be ceded free of cost and transferred to the local government, without payment of any compensation, and with all costs being met by the owner(s) and/or developers of the land affected by the Special Control Area.
- (b) the portion of land within Area B identified for the purposes of the creation of a public park situated on the western side of Plaistowe Mews, comprising a minimum 2,000m<sup>2</sup> in area, with a minimum dimension of 30 metres, which incorporates both high quality hard and soft landscaping, as well as active edges, to be ceded to the local government free of cost. The original owner(s) and their assigns may lease back the land at the rental of one dollar per annum on demand for a period of up to 10 years or other period as mutually agreed. During this time the park shall be open to the general public at all times with the lessee accepting all public liability resulting from the use of this land.
- (c) the portion of land within Area A identified for the purposes of a central open air public plaza on the eastern side of Plaistowe Mews (comprising a minimum 600m<sup>2</sup> in area) is to form an integral component of any major redevelopment of Area A. This element shall be open to the general public at all times.
- (d) the existing Scitech facility (or similar facility) shall be provided within the Special Control Area with a minimum plot ratio floor area of 7,500m<sup>2</sup> (excluding any associated parking facility).

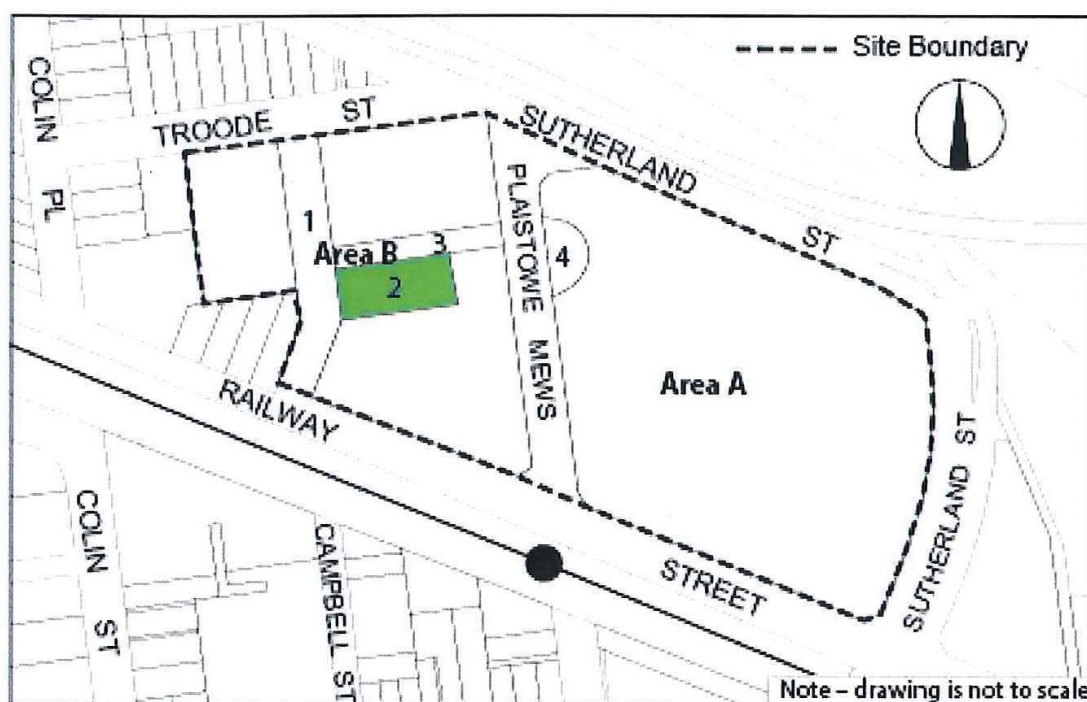

A change of use of the Scitech facility (or a similar facility) shall only be permitted if the proposed change is to an appropriate use listed within the 'Educational 2' or 'Community and Cultural' Use Groups, and has strong links to the community. All other uses are prohibited.

The public infrastructure/facilities and specific facility identified in (a), (b), (c) and (d) above, shall be installed and/or completed prior to the occupancy of any new development, whereby the total plot ratio in Area A and/or Area B exceeds 3.0:1 (or 2.0:1 for use groups other than Residential or Special Residential use). The local government may consider allowing the new development to be occupied prior to the completion of the public infrastructure/facilities, subject to the developer providing a detailed staging strategy and committing to the timely delivery of the public infrastructure/facilities by entering into a legally binding agreement with the local government.

#### 16.4 Car Parking

For the purpose of determining the commercial tenant parking allowance and provision for any development within the Special Control Area under the City Planning Scheme No. 2: Perth Parking Policy No. 5.3, the site shall be treated as two separate areas -
