

# state lot activity: WA

SEPTEMBER QTR 2024

## 1 State summary

- During the September 2024 quarter, the number of developer-lodged applications for residential subdivision across Western Australia increased by 23%, with a total of 605 applications lodged for the quarter. This translates to a 29% increase in proposed lots when compared to applications lodged in the June quarter.
- The total number of residential applications under assessment increased by 9% over the September quarter. The volume of residential lots being assessed has also increased by 26%.
- The number of proposed residential lots granted conditional approval during the September quarter remained steady from the June quarter, for a total of 5,276 lots conditionally approved in the quarter.
- During the September 2024 quarter, the total stock of developers' residential lots granted conditional approval decreased to a total of 66,049 lots.
- When compared to the June quarter, the number of residential lots granted final approval during the September quarter increased significantly (44%) for a total of 3,280 lots approved for the quarter.

Note: the developers' stock of lots granted conditional approval includes subdivision approvals that have been granted an automatic two-year extension as a result of the amendments to the *Planning and Development Act 2005* to include Part 18 - Extension of time for endorsement of diagram or plan of survey due to the COVID-19 pandemic.

<sup>1</sup> The metropolitan region is made up of the Perth Metropolitan Region Scheme and Peel Region Scheme areas.

## Introduction

---

This publication contains statistical details of subdivision activity in Western Australia.

## Coverage

---

1. Lot creation statistics are compiled from subdivision (including survey strata and vacant strata) applications lodged with the Western Australian Planning Commission (WAPC) for approval.
2. These statistics relate to lots for residential and non-residential purposes; for urban residential lots less than 3,000 square metres; and all non-residential and residential strata lots, irrespective of size. The non-residential component of these statistics includes counts of rural residential, special residential, commercial, industrial and other categories' lots.
3. Strata lot statistics provided include all survey strata lots and vacant strata lots that require determination by WAPC. Built strata lots are not included in the strata lot statistics, as the majority of built strata applications are determined by local governments under delegated authority from the WAPC.

## Definitions

---

**Developer – lodged applications** refers to those applications received by the WAPC for the purpose of subdivision.

**Applications under assessment** is the number of applications under assessment for conditional approval by the WAPC and includes those which have been deferred.

**Conditional approval** is granted by the WAPC for subdivision development to begin. The approval is preceded by an assessment of the proposed subdivision plan in consultation with servicing agencies. On receipt of conditional approval, the proponent must complete subdivision development in accordance with the conditions of approval within four years of the approval date. These approval conditions are based on outcomes from the consultative assessment.

**Current conditional approvals** are approvals creating five lots or less not older than three years and approvals for more than five lots not older than four years.

The developers' stock of current conditional approvals includes subdivision approvals that have been granted an automatic two-year extension as a result of the amendments to the *Planning and Development Act 2005* to include Part 18 - Extension of time for endorsement of diagram or plan of survey due to the COVID-19 pandemic.

**Final approval** is the WAPC endorsement of the proponent's submitted deposited plan or strata/survey strata plan describing the now complete subdivision constructed in accordance with the conditions set down in the conditional approval.

Deposited plans/strata plans that have final approval are registered with Landgate (formerly Department of Land Information) where certificates of titles for the newly created lots can be issued. The characteristic difference in lot numbers seen between conditional and final approvals arises from proponents choosing not to proceed with the subdivision in the specified four year period in accordance with the conditions of the conditional approval; either at all, only in part, or via another conditional approval incorporating a new plan for the subject land.

**Green title** lot is a conventional land parcel shown on a deposited plan registered with Landgate. The purpose of the lot is determined by an appropriate zoning under the relevant local planning scheme.

**Survey strata** is a form of strata created by the *Strata Titles Amendment Act 1995*. Simply, it defines ownership of a land parcel without reference to a building, even though buildings exist or will be constructed on all parcels. Survey strata schemes are either all vacant or all developed, excluding those lots where ownership is shared as common property. The lots on a survey strata plan look much the same as lots that are shown on plans and diagrams for green titles.

**Vacant strata** is created by the subdivision of a lot containing an existing dwelling. On coming into existence the strata plan will comprise a mix of developed and vacant lots, of which at least one will contain a dwelling.

**Estimated median lot size** is calculated using the legal area of the newly created lots. Prior to the September 2020 quarter, estimated median lot size had been calculated from a count of created lots grouped within lot size intervals that had become standards of the Department's application processing.

## Geographic explanation

Data in this publication is presented by local government area and State planning region.

### Metropolitan

Includes the following local government areas:

#### Central sub-region

- Town of Bassendean
- City of Bayswater
- City of Belmont
- Town of Cambridge
- City of Canning
- Town of Claremont
- Town of Cottesloe
- Town of East Fremantle
- City of Fremantle
- City of Melville
- Town of Mosman Park
- City of Nedlands
- Shire of Peppermint Grove
- City of Perth
- City of South Perth
- City of Stirling
- City of Subiaco
- Town of Victoria Park
- City of Vincent

#### North-east sub-region

- City of Kalamunda
- Shire of Mundaring
- City of Swan

#### North-west sub-region

- City of Wanneroo
- City of Joondalup

#### South-east sub-region

- City of Armadale
- City of Gosnells
- Shire of Serpentine-Jarahdale

#### South-west sub-region

- City of Cockburn
- City of Kwinana
- City of Rockingham

#### Peel Region Scheme

- City of Mandurah
- Shire of Murray
- Shire of Waroona

### State planning region

Perth metropolitan region

- Central sub-region
- North-east sub-region
- North-west sub-region
- South-east sub-region
- South-west sub-region

Peel

- City of Mandurah
- Shire of Murray
- Shire of Waroona
- Shire of Boddington

Gascoyne

Goldfields-Esperance

Great Southern

Kimberley

Mid West

Pilbara

South West

Wheatbelt

### Balance of State

Includes all regional planning regions plus the Shire of Boddington. Excludes the Metropolitan region.

#### Regional

Northern regions

- Includes the Kimberley and Pilbara planning regions

Central regions

- Includes the Gascoyne, Mid West and Goldfields-Esperance planning regions

Wheatbelt region

- Refers to the Wheatbelt planning region

South West regions

- Includes the South West and Great Southern planning regions
